ZIP Code resolution The most economical service for companies wanting to improve efficiency while maintaining affordability. City and town names with sales tax detail are provided for every locality within a ZIP code, giving the operator the ability to choose the jurisdiction they want.	1 Month	\$24.25	\$24.25	\$29.20	\$29.20
	3 Months	20.94	62.70	25.15	75.45
	6 Months	17.60	105.60	21.10	126.60
	12 Months	14.25	170.95	17.10	205.20

ZIP+4 resolution

A very high level of jurisdictional certainty at an affordable price. Sometimes referred to as the 9-digit ZIP code, the first 5 digits determine a delivery area, such as a town and state, and the additional 4 digits target the location to within one side of a street within a range of addresses.

1 Month	\$44.00	\$44.40	\$55.00	\$55.00
3 Months	40.00	120.00	50.00	150.00
6 Months	35.00	210.00	42.50	255.00
12 Months	27.50	330.00	34.50	414.00

Spot-On resolution

The most accurate sales tax jurisdiction granularity for companies needing precision data. Spot-On validates U.S. postal address and converts street address into latitude and longitude coordinates (also known as geocoding) to provide the highest level of resolution available.

1 Month	\$64.00	\$64.00	\$80.00	\$80.00
3 Months	55.00	165.00	68.00	204.00
